

A Rotary Climate Action Teams, TCI and CAVU collaboration to bring climate action to your community

Growing Green Leaders

Climate change can feel overwhelming, especially to young people. **Growing Green Leaders** gives them something to do about it. Teams find a problem close to home, create solutions with help from people in their community, and share the story.

You don't have to be an adult to lead. You can help create the world you want to live in, right now.

Leia Lowery, Executive Director: The Climate Initiative

Local Impact

Solve real problems nearby and do the work your community needs.

Learning & Leadership with TCI

Through CALP, members learn how climate change affects their community and how they can take action.

Global Storytelling

Make a 4-minute film with CAVU's guide for the Climate Innovation Challenge.

Rotary Mentorship

Connect local Rotary Clubs directly to participating Interact and Rotaract groups to serve as project mentors, community advisors, and local supporters.

1

Form your team

Interact, Rotaract or school-based

2

Find a local need

An issue in your school, neighborhood or city

3

Design and launch

With teachers, Rotarians and local mentors

4

Tell your story

Submit a 4-minute film to CAVU and TCI and inspire others

Student Spotlights: Get Inspired

Youth action across the globe with TCI's Action Map

Watch CAVU's Inspired videos on YouTube

INITIATIVE LEADERS

Steve Bender, President of the Rotary Club of Newport Beach, Chairman, U.S. Green Chamber of Commerce

Leia Lowery, Executive Director and Co-Founder, The Climate Initiative

Rebecca VanArnam, Program Director, CAVU
